PURPOSE OF EGF

- In 1972, City Charter section 103.1a was approved by voters which called for creation of EGF using 25% of franchises collected for gas, electricity and steam
- Two-thirds of these funds were to be used for debt service on bonds to be issued for acquisition of open space
- Municipal Code section 63.30 outlines further requirements, including priorities and a mechanism to temporarily suspend compliance in the event of insufficient revenues

OPEN SPACE DISTRICT

- The City formed San Diego Open Space Park Facilities District No. 1 in 1978
- Purpose was to acquire open space to implement the Open Space Element of General Plan
- City pledged use of the two-thirds portion of the EGF as security for the bonds
- Debt payments reduced each year; final payment January 1, 2009

FY 2009 BUDGET

- The FY 2009 Proposed Budget reflected additional accumulated fund balances in the EGF
- The Mayor and IBA each recommended the use of these funds as part of the balancing of the FY 2009 budget
- After budget adoption, reconciliation of audited figures was undertaken

FY 2009 BUDGET (cont.)

- During this process it was determined that revised information overstated available resources
- EGF may be overcommitted by \$880,000 to \$1 million in FY 2009; remedies will be part of First Quarter Monitoring Report
- Solutions could impact General Fund; review of capital projects should also be undertaken

FUTURE OUTLOOK

- Five Year Outlook included annual growth of 7.5%
- Actual growth averaged 4.9% over last four years

IBA

CONCLUSION

- Primary use of EGF has shifted to reimbursement of eligible General Fund park and recreation programs
- Changes to this approach, without new or other resources, would create additional burden for General Fund
- Consideration should be given to amend Municipal Code and/or Charter
